KANDY - Most often referred to as the hill capital of Sri Lanka, Kandy offers a diverse variety of experiences to its visitors ranging from history, culture and simple scenic beauty coupled with a touch of urbanity. It was the last Sinhalese Kingdom that fell under British rule in 1815. The journey to this mellow weathered city can be quite enjoyable, particularly by train owing to the scenic delights that lie alongside.

The city's colonial architecture has been preserved well even in the backdrop of rapid urbanization. Close to the city's center is the prime landmark - Sri Dalada Maligawa that houses the sacred tooth relic of Buddha. Apart from the ancient monuments of the Kandyan era, the delightful jumble of antique shops and the bustling market in the city also make up for interesting places of visit.

Return to hotel refresh and witness a private cultural dance show arranged in the hotel.

Cultural show is one of the most famous event / sightseeing available for the foreigners in their visit to Sri Lanka. This spontaneous event upheld the Sri Lankan Folk-lore dance which prevailed from the history. It shows the uniqueness of the Sri Lankan dance performances and the drummers who are very unique to Sri Lanka. As the final event in the Cultural show, walking on fire is done with the everlasting faith towards the god.

Tips, porter age & Gratitude

We always encourage our clients to offer drivers tips or gifts for satisfactory services, if they wish. Tipping drivers/ guides is accepted practice, and it is especially beneficial on long tours when drivers may be away from home for long periods. However, drivers must under no circumstances insist on a tip or gift for work undertaken on our itinerary.

Other as below

Restaurant Staff – A 10% service charge is usually included in bills for food in more established restaurants. However the waiter/ waitress will expect a small tip. If a 10% service charge is included in the bill, a tip of \$1 or \$2 will be sufficient. If

you receive exceptional service, add another 5% – 10%. If you are staying at a high-end hotel with a personal butler, tip him about \$10 per day.

Housekeeping, bell desk & maintenance staff – A tip of \$0.50 cents or \$2 for the porter/ bell boy per bag (depending on distance to your room). Airport porters usually have the rate marked on their vests – about Rs. 50 per bag – this is not really a tip but more like a ‘service charge’. The room boy/ maid & pool boy will expect about \$4 – \$5 per week.

Temples & places of interest – The man who looks after your shoes at temples will require a small tip. The resident monks in some smaller temples will show you around and expect a ‘donation’ – in such cases you can buy a ‘ticket’ from a layperson or place the tip in the ‘donation box’. If you visit Pinnawela Elephant Orphanage and want to take photo or bottle feed a baby elephant – you’ll need to cough up a ‘tip’. Always check with your guide before snapping a picture.

Transport – taxi cabs & tuk tuks run on a fixed price, so tipping is not required.

A 1 US\$ bill is roughly equal to Rs. 155, so giving this as a tip is also well received by the locals. Don’t get overwhelmed by all the tipping advice, after all it’s purely discretionary.

Prohibited Articles

The import of prohibited articles such as dangerous drugs, live plants, gold/silver bullion and coins, not in current use, is either totally prohibited or restricted. The law provides heavy penalties for the infringement of this restriction. Also, by law, visitors are banned from taking antiques and wildlife products out of the country—any infringement is punishable by fines and imprisonment.

Dress

Sri Lanka is a very casual country, so no smart attire is required at any of the hotels. That said, you may like to change for dinner at certain hotels—simply to make it more of an occasion. This is a personal decision.

Because of the tropical climate light cotton and linen clothing is ideal. You will need some sturdy shoes for the climb up Sigiriya Rock, and on safari muted colors are best. Because of the heat we recommend you carry a sun hat and sunglasses at all times. We also suggest you pack some form of waterproof jacket as rain is always a possibility in Sri Lanka. A pair of socks to wear whilst visiting temples is also recommended, as shoes are not permitted and the ground can get blisteringly hot

Currency

Sri Lanka's currency is the 'Rupee', abbreviated as 'Rps'. Rupees. Notes (Bills) are in denominations of 10, 20, 50, 100, 500, 1000, 2000 AND 5000 Rupees. It is not possible to purchase Sri Lankan Rupees outside of the country. To check the current exchange rate we suggest : http://www.cbsl.gov.lk/hm/english/cei/er/e_1.asp

Foreign Exchange

Visiting foreigners can exchange money at international airports where 24-hour exchange facilities are available, through banks and approved money changers. There are also ATM machines in Dambulla, Kandy and Galle.

Travelers Cheques /Credit Cards

Travelers' Cheques should be of well-known brands like Thomas Cook, American Express and Visa. The hotels generally accept Major Credit Cards like American Express, Master Cards, Visa, etc, including hotels, shops and airlines.

Photography

Visitors to Sri Lanka find varied subjects for photography including people, monuments, wildlife, festivities, and landscapes. Note, however, that whilst most people are very happy to have their photograph taken, permission should be sought before handout of common courtesy. No money should ever exchange hands as it is not the Sri Lankan way.

Visiting Places of Worship

Removing one's shoes before entering any temples is essential. Do not wear shorts, short skirts or sleeveless tops in places of public worship.

Sri Lanka's Climate

Sri Lanka has a year round tropical climate which offers warmth and sunshine throughout the year. In Colombo and the west coast, noon temperatures range between 28-32C in Colombo and peak in April, which can be quite uncomfortable humid, before the monsoon rains. Up in the hill country, daytime temperatures average about 10C cooler. Humidity ranges between 70-90 percent in Colombo, lower in the highlands and cultural triangle. Ocean breezes also moderate temperatures on the coast, making travel even in the hottest months tolerable.

However as is the case worldwide the monsoon is becoming increasingly unpredictable, and the traditionally wet months often go a week or more without any rain. Sri Lanka averages about 240cms. But figures vary widely from region to region. The North and East coast experiences its monsoon from December to February, whilst the south west monsoon affects Colombo and further south in May and June.
