### **10<sup>th</sup> June: Masai Mara Game Reserve – Kenya**

After breakfast leave for a full day game drive with picnic lunch at mara river migration bride area. This day is spent game viewing in Kenya's finest wildlife park, the Masai Mara National Reserve. Our morning and afternoon game drives take us in search of Africa's Big Five and the plethora of other wildlife inhabiting this vast Kenyan game reserve. Early morning Masai Mara hot air balloon safari can be arranged at extra cost.

Wherever you go in the vast Masai Mara you will see a frequent amount of wildlife such as Masai giraffe, baboons, warthogs, bat eared foxes, grey jackals, spotted hyena, topis, impala, hartebeests, wildebeest. Elephants, buffaloes, zebras and hippos are also found in great numbers. It is also common to see lions either basking after a heavy meal, or surveying the

plains for their next meal. Cheetahs and leopards are harder to spot, but reasonably common. The ultimate action here is without doubt the annual wildebeest exodus, the Great Migration, in July and August when millions of these grass eaters move north from the Serengeti in search of lush grass before turning south again in October to December. There is nothing thrilling like a bush dinner to end such an adventurous day at an extra cost.
